Any way you look at it, this roof is a stopper.

If it's not a standard-issue home, why should it be outfitted with a basic flat-looking shingle? Some roofs definitely deserve to be finished in Firehalt.™

The three-dimensional style and double-layer construction turn conventional lines into distinctive declarations. And the upgraded protection declares that the family is valued as much as the home.

Protect yourself.

Be sure to ask your roofing contractor for a copy of the CertainTeed product warranty or call the CertainTeed Consumer Hotline at 800-782-8777 to request a copy. We make it easy for you to view our warranties and register your investment online at www.certainteed.com/warranty.

A beautiful roof makes a beautiful home.

CertainTeed also offers a complete line of architectural shingles that can transform your home into a warm work of art, gracefully and easily. For more information, ask your contractor or visit us on the web at www.certainteed.com.

*See actual warranty for specific details and limitations.

Integrity Roof System.™ Give your home the best protection.

WinterGuard™

Waterproofing underlayment prevents leaks caused by ice dams and wind-driven rain in vulnerable areas.

Roofers' Select™

High-performance underlayment is a secondary barrier against leaks for the entire roof.

Shingles and Accessories

High-quality shingles are covered by one of the best warranties in the business. Accessory products—starter course, and hip and ridge cap shingles—complete your roof from start to finish.

Ventilation

Proper attic ventilation improves air circulation.
